BRAND GUIDELINES 2025

WELC OME!

These are our brand guidelines. They were created to define the visual identity of the Permian Basin Area Foundation. They will help you understand how the various brand elements and graphic devices work in conjunction with our business to drive brand cohesiveness across all touchpoints. When applied consistently, these guidelines can help build awareness of PBAF and provide a clear path for the visual iconography of the PBAF brand.

PBAF BRAND GUIDELINES 2025

PBAF LOGO VERSIONS

The Permian Basin Area Foundation logo is the most recognizable representation of our brand. Its sans serif font is clean, modern, and bold, but also feels like it has a history, just like PBAF.

The logo can be used on exterior signage, clothing/uniforms, digital applications, and promotional items. Be sure to choose the logo version that best fits the space it will be placed into.

HORIZONTAL PBAF LOGO VERSION

STACKED PBAF LOGO VERSION

CLEAR SPACE

The minimum clear space provides a buffer between the logo and any other elements in its vicinity, such as headlines, text, imagery, or the outside trim of printed materials.

For logos, the clear space should be equal to the width of “ARE” in the logo.

Whenever possible, allow more than this amount of clear space.

STACKED LOGO

HORIZONTAL LOGOTYPE

MINIUM LOGO SIZE

Scaling: EPS logo files may be scaled to any size necessary as long as the minimum size requirements are met.

Minimum size refers to the smallest allowable logo size. The logo may be as small as 0.75 inches for the stacked logos and 1 inch for the horizontal logo.

BLACK AND WHITE USAGE

Logo on white: When full-color printing is not available, be sure to use the black logo version on a white background.

Logo on Black: When full-color printing is not available and the logo must appear on a black background, use the white logo version.

THESE RULES APPLY TO ALL LOGO VERSIONS.
